Dear Tom and Alex:

I enclose herewith a letter of invitation and accompanying materials recently sent out by Dr. Rylander to invited participants for the proposed workshop "Environmental Tobacco Smoke Effects with Particular Reference to Exposure Levels".

I am also enclosing a letter of invitation and program materials for the "International Conference on Environment and Lung Diseases" scheduled for Italy, March 23-27, 1983. Several of my colleagues have received invitations to the Italian conference and I am attempting to learn more about this matter including the participants, etc. Any information you may have concerning this will be appreciated.

Sincerely,

Donald K. Hoel
